RISK MANAGEMENT REVIEW PROCEDURE AND INTERNAL COMPLIANCE AND CONTROL

The Board of MACA Limited (“MACA” or the “Company”) determines the Company’s “risk profile” and is responsible for overseeing and approving risk management framework, internal compliance and internal control.

The Board has delegated to the Risk Committee responsibility for overseeing the risk management system.

The Risk Committee will submit particular matters to the Board for its approval or review. Among other things it will:

- oversee the Company’s risk management framework including systems, practices and procedures to ensure effective risk identification and management and compliance with internal guidelines and external requirements;
- assist management to determine the key risks and risk appetite to the businesses and prioritise work to manage those risks; and
- review reports by management on the efficiency and effectiveness of risk management and associated internal compliance and control procedures.

The Company’s process of risk management for internal compliance and control include:

- identifying and measuring risks that might impact upon the achievement of the Company’s goals and objectives, and monitoring the environment for emerging factors and trends that affect these risks;
- formulating risk management strategies to manage identified risks, and designing and implementing appropriate risk management policies and internal controls; and
- monitoring the performance of, and improving the effectiveness of, risk management systems and internal compliance and controls, including regular assessment of the effectiveness of risk management and internal compliance and control.

To this end, comprehensive practices are in place that are directed towards achieving the following objectives:

- compliance with applicable laws and regulations;
- preparation of reliable published financial information; and
- implementation of risk transfer strategies where appropriate e.g. insurance.

The responsibility for undertaking and assessing risk management and internal control effectiveness is delegated to management. Management is required to assess risk management and associated internal compliance and control procedures. The Chief Financial Officer will be responsible for ensuring the process for managing risks is integrated within business planning and management activities.

Reports on risk management should be provided to the Risk Committee by the Managing Director or the executive(s) responsible for the management of the individual risks.

The Board will review assessments of the effectiveness of risk management and internal compliance and control on an annual basis.
